MSOxxxx

```
graph BT; MSOxxxx --> Element; Element --> Hierarchy; Hierarchy --> Object; Object --> Attrib;
```

The diagram illustrates a vertical hierarchy with five levels. At the bottom is the label 'MSOxxxx'. An upward-pointing arrow connects it to 'Element'. Another upward-pointing arrow connects 'Element' to 'Hierarchy'. A third upward-pointing arrow connects 'Hierarchy' to 'Object'. Finally, a fourth upward-pointing arrow connects 'Object' to 'Attrib' at the top. All labels are centered within rectangular boxes, and the arrows are vertical lines with triangular heads pointing upwards.
